The roots of the Falcata can be traced back to ancient Iberian warriors that used the devastating sword to so effectively protect their homeland from conquerors. Much like the Falcata of old, the Aklys Defense Falcata is the modern day warrior’s weapon of choice to accomplish any mission.

Our rifles are built to exceed Military Specifications to ensure that you get the best quality, reliability, accuracy, and performance out of your rifle.

We back every rifle with a full lifetime warranty that you will never have to use to give you peace of mind that you are getting the very best.

The Falcata-IS and Falcata-ISK are integrally suppressed AR's custom built by us. It is available in 300BLK or 5.56X45/.223 with either a 12" barrel(ISK) for an SBR/pistol or a 16" barrel(IS). Since the Falcatta-IS is integrally suppressed, only a single tax stamp is required for the 16" rifle. It utilizes an 8"or 7.5" barrel with 316 Stainless suppressor body and core with a deflector style initial blast baffle made from Nitronic 60 giving 10-12% better wear resistance over Inconel!

-Our upper and lower receivers are forged 7075 aluminum and Type III hard coat

anodized black for durability.

-All of our barrels used are M4 profile with M4 feed ramps for consistent and reliable feeding. Barrels are available in either 1/7 twist or 1/9 twist and a suppressor body effective barrel length of 16”(permanently attached tube) or 12". (ALL NFA RULES APPLY)

-Carriers are all MPI/HP tested, Nitride coated, and properly staked for reliability.

ALL NFA LAWS APPLY

*The 12" barrel on the ISK as rifle will make this rifle a 2 stamp gun, 1 for the suppressor and 1 for the Short Barrel Rifle, meaning you will have (2) $200 tax stamps to pay to the ATF for this rifle. Please choose 16" model for 1 stamp rifle or upper only if for use on pistol.
