

ZK-22 Bullpup Rifle RTF

Product Code: ZK-22 Bullpup Rifle RTF
Availability: In Stock

Price: \$624.99

Description

The Aklys Defense ZK-22 rifle is a Ruger 10/22 rifle with factory barrel, or bull barrel, built in our ZK-22 bullpup stock!

The ZK rifle turns a Ruger carbine into a lightweight zombie killing machine and the coolest .22lr rifle on the block, range or B.O.B.

ZK-22 Kit Features:

- Engineered, designed, built and assembled in the USA! Extremely durable! Built to last a lifetime!
- Easy install at home, no gunsmith needed. Accepts 18.5" inch or longer Ruger barrel or aftermarket barrels up .920" in diameter. The stock comes with adapters that will let you use standard or heavy barrels.
- Accepts most full capacity magazines, including the MWG 50 round coffin magazine and the Ruger BX-25!!!!
- Provides rail mount system for mounting optics or other accessories.
- Ambidextrous charging handle, Sling point mounts, safety and mag release.

- Integral trigger safety.
- Adjustable trigger interface to tune to your preference of triggers.
- Shell deflector included allowing for full ambidextrous use.
- Optic and suppressor shown not included, but can be added!!!!

If you would like a custom configuration or paint job, please put it into the notes when you are checking out and we will contact you for any details! Currently Shipping!

This stock requires an 18.5" inch or longer barrel length Ruger 10/22 in order to not violate NFA overall length requirements.
